EXPERIENCE

Rosanna Jewels

New York, New York

Front-End Web Developer Intern

Feb 2023 – Apr 2023

- Utilized HTML/CSS and embedded Shopify customization tools to create a website for Rosanna Jewels customers.
- Improved the UI/UX of the Rosanna Jewels website by organizing the display of product images, categorizing jewelry items, incorporating a contact form.
- Developed the Shop section hosting over 85+ products for customers to browse through and purchase.
- Conversed with event coordinators to secure venues for future pop-up shops & added prior events to the website to promote upcoming jewelry showcases.

Tech Incubator at Queens College

New York, New York

Tech Intern

July 2022 – Aug 2022

- Produced a QC Clubs app featuring over 55+ clubs on campus where Queens College students can save/research clubs by tweaking UI/UX design components through Glide.
- Used front-end markup languages such as HTML & CSS to create learning projects such as a news article website and a personal webpage.
- Wrote published TIQC-newsletter blog posts about programming and artificial intelligence.
- Amplified the marketing of TIQC's services by connecting with new businesses in the area and creating flyers

PROJECTS

QueensLingo | C++

Feb 2024 – May 2024

- Instructional language program developed to aid the diverse population of Queens, NY in learning important words and phrases to enhance communicative ability in the borough's 26 most spoken languages.

Worldwide Alerts | HTML, CSS

Aug 2022 – Jan 2023

- Developed a news-blog website utilizing HTML/CSS. Developed blog posts viewed by 300+ people across various platforms. Created opportunities for 10+ people to join as blog post researchers.
